

N Scale Triple Units

Thanks for purchasing one of my kits,
This kit just requires glue and scissors.

Glue card panels to plastic walls as shown left.

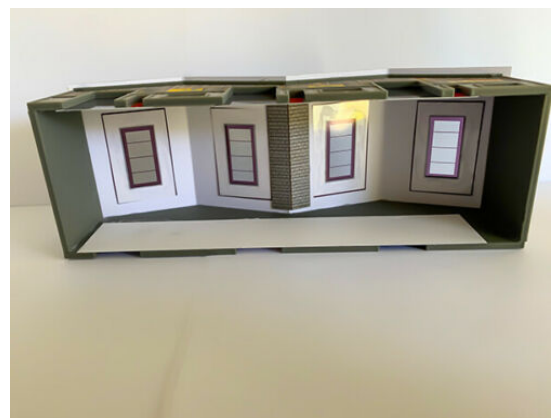

Glue all doors and windows in, it's easier to do it now.

Use a Gel glue to fix the walls making sure the sides are on the inside.

Now glue the roof on, one of the sides on each panel is slightly longer, they go to the ends.

Finally use the scored strip to join the roof underneath as shown right.
