

OO Scale Beach Huts

Thanks for purchasing one of my kits,
This kit just requires Gel glue. Please keep all
parts away from children

A non super glue Gel glue is recommended

Firstly cut the windows and doors
out and glue as shown left, then
glue the sections as shown right,
the smaller plain oblong is used
for the side as shown right.

Use the plain gable to join the walls
together as shown left, then use the
larger plain square as the hut roof
shown right.

now glue one of the small roof truss to each end to
thicken the walls for the roof, then glue 2 together
and glue centre as shown left.

Finally simply glue the roof on.

Now glue them underneath to join the roofs.
